SUMMARY

Dynamic and results-oriented Web Developer with a proven track record of 2 years, crafting and implementing innovative web solutions. Proficient in a spectrum of programming languages and technologies, I bring a meticulous eye for detail and a commitment to delivering high-quality work. Adept at seamless collaboration with cross-functional teams, I consistently drive project success.

ACHIEVEMENTS

Code Optimization Achievement

Achieved a noteworthy 25% reduction in website loading times through the implementation of effective code optimization techniques.

Launching E-commerce website

Developed and launched an e-commerce website with a 30% increase in sales.

SKILLS

HTML5	CSS3	JavaScript(ES-6)	PHP	React	Node.js
MySQL	MongoDB	Git	Adobe Photoshop	Canvas	
Tailwind CSS	WordPress	Figma			

PROJECTS

Olympia Gym Club | Source Code

<https://olympiafitclub.netlify.app/>

React.js and Framer Motion Integration.
HTML, JavaScript, and Tailwind CSS for Frontend.
Hooks and State in React.js.

Keeper App | Source Code

<https://github.com/MzubairSultan/keeper-app>

Utilizing **React Hooks**, particularly **useState**, ensures efficient state management in functional components, allowing for dynamic updates and interactions within the contact manager.

Smart Speech App | Source Code

<https://github.com/MzubairSultan/Smart-speech-App>

Integrates speech recognition into React applications, allowing users to interact with the application using voice commands.
clipboard-copy Library Used: adds the capability to copy text or data to the clipboard in React applications.

EXPERIENCE

Web Developer

IT AIKEN

04/2022 - 06/2023 FAISALABAD

- Designed and implemented a user-friendly website with an optimized checkout page, resulting in a remarkable **25% surge in user clicks and a subsequent 33% increase in customer purchases**.
- Established an interactive and dynamic website that guarantees high traffic, increased page views, and an unparalleled user experience, contributing to a substantial 45% boost in the company's sales revenue.
- Formulated and implemented improvements in the cleanup process and performance, successfully minimizing downtime by an **impressive 10%**.
- Implemented version control using Git, reducing code conflicts by an impressive 51% and ensuring a more streamlined and collaborative development process.

Front End Developer

Bright Star Stainless Steel Industry

2020 - 2021 Gujranwala

- Translated designs and wireframes into high-quality code using HTML, CSS, and JavaScript.
- Collaborated with cross-functional teams (developers, designers, copywriters, CRO, Video, Marketing, etc.) to **drive innovation, resulting in a 40% increase in conversions**.
- Developed user interfaces with modern JavaScript frameworks, HTML5, and CSS3, which improved user satisfaction.

EDUCATION

Bachelor of Science in Software Engineering

Riphah International University, Islamabad, Pakistan

2018
